2024 -2025

Art: Two-Dimensional Associate in Arts Degree

Complete the following program of study. (Major # C.520A.AA) Major requirements (27 units minimum).

The AA degrees in Art at CCC encourage a focused area of study and provide students with the ability to emphasize in a specific genre within the broad field of art. An Art: Two-Dimensional AA degree is designed to provide students with a foundational understanding of visual communication and artistic image making within a two-dimensional format, such as in the media of drawing and painting. Successful completion of this degree will provide the student with a foundation in two-dimensional art-making as well as an introductory level of knowledge in the areas of art history, and a familiarity with digital arts. Students will obtain the skill set necessary to start their own studio practice and/or creative business, work for an art related business, and to be competitive in the local art market. Courses in this degree program will also prepare students for transfer into a four-year art program.
